

Please do not implement any proposal that would lessen Indiana's current Telephone Privacy law. Our family time has been greatly improved because we do not receive endless calls during our dinner and family time. We used to receive 3 or more calls in any one evening and now we might receive 1 (one) each week, if even that! Please don't take away our right to not be bothered at home! Help other states who don't have any laws, but don't take ours away.

Thank you.

Sincerely,
Ellen M. Sparks
